Full Name	Liyana Pathirannehelage Pasindu Gimhan Pathirana
Address	343/1, Ihala Bujjomuwa, Bujjomuwa.
Birth day	18 / 08 / 2004

PROFILE

Motivated and technically skilled ICT professional with a solid foundation in networking, cybersecurity, and computer hardware. Currently pursuing a Higher Diploma in Network and Cyber Security at ICBT Campus, backed by a strong academic background and hands-on experience in Active Directory, DHCP, routing and switching, server management, and CCTV installation. Completed a 7-month technical training as a Hardware Technician, gaining real-world exposure to IT infrastructure and system troubleshooting.

Proficient in configuring and managing network environments using tools like Cisco Packet Tracer, with growing expertise in cybersecurity fundamentals and ethical hacking. Passionate about continuous learning and dedicated to becoming a globally recognized network and cybersecurity professional.

WORK EXPERIENCE

Workshop Trainee Technician | RCS2 Technologies

2024 DEC – 2025 JUNE

- Assisted in diagnosing and repairing hardware issues on desktops, laptops, and peripherals.
- Learned and followed safety protocols and proper handling of electronic components.
- Supported senior technicians in routine maintenance and system assembly tasks.
- Gained hands-on experience with Network devices and basic network troubleshooting.
- Supported the installation of a queue management system at BOC, assisting with hardware setup, wiring, and software configuration.

PROJECTS

More on GITHUB : https://github.com/Pasindu-Pathirana

Network Design for a Multi-Department Company

- Designed and implemented a Packet Tracer network topology for multi departments with PCs.
- Configured VLANs, inter-VLAN routing, static IP addressing, and router-on-a-stick.
- switch/router configurations, and connectivity tests.

2025 - Present

Cardiff Metropolitan University

Higher Diploma in Network Technology & Cyber Security

2024 JAN - 2024 AUG

Vocational Training Center Dehiwala

Diploma in Computer Hardware with Networking

- Studied Basic Electronics , Computer hardware and software Troubleshooting and networking Concepts

---

2024 AUG - 2025 FEB

Vocational Training Center Dehiwala

Certificate in Networking with Security

- Studied Networking Concepts , IP addressing, Configure networking Devices and Server Role Installation and Configuring.

2025 MAR - 2025 JULY

Vocational Training Center Dehiwala

Certificate in Network Security Administrator

- Studied Advance Networking Concepts , Routing , Switching and VLAN Management

---

2023 JAN - 2023 MAR
UPSTUDY EDUCATION (PVT) LTD

Certificate in Multimedia
- Adobe Photoshop , Illustrator , After Effects and Premiere Pro
